RE: ZDDPlus™

ZDDP: Available

GM EOS: Not available

**ZDDPlus™,**  
**SUPERIOR TO ANY OTHER PRODUCTS!**

ZDDPlus™, GM EOS and TORCO:

**ZDDPlus™** contains 42,700 ppm of phosphorus and 57,300 ppm of zinc. When a 4-ounce bottle of ZDDPlus™ is added to 5 quarts of oil, it is diluted 41:1, which contributes 1047 ppm of phosphorus and 1397ppm of zinc to whatever the oil may or may not already contain.

**GM EOS** contains 6210 ppm of phosphorus and 6820 ppm of zinc. When a 12-ounce bottle of GM EOS is added to 5 quarts of oil, it is diluted 11:1 which contributes 565 ppm of phosphorus and 620 ppm of zinc to whatever the oil may or may not already contain.

**Torco ZEP** contains 6015 ppm of phosphorus and 6783 ppm of zinc. When a 12-ounce bottle of Torco Zep is added to 5 quarts of oil, it is diluted 14.3:1 which contributes 421 ppm of phosphorus and 474 ppm of zinc to whatever the oil may or may not already contain.

ZDDPlus™ adds much more real ZDDP than any other product due to its extremely high concentration. Using ZDDPlus™ eliminated adding large amounts of unwanted filler oil that less concentrated products contain.

Most SM oils contain between 600-800 ppm of both phosphorus and zinc. This number would then be added to each of the numbers we stated for ZDDPlus™, GM EOS or Torco ZEP.

Part #: 86092  
J.....\$10.55

# CROWER RECOMMENDS USING ZDDPLUS FOR YOUR CAMS AND CUSTOM CAMS - FLAT TAPPET / HYDRAULIC

## USING ZDDPLUS WILL HELP ELIMINATE THIS

**DOMESTIC**

**IMPORT**

**ZDDPlus™** is an oil supplement that contains very high concentrations of Zinc Dialkyl - Ditho - Phosphate which has been the primary EP (Extreme Pressure) Ingredient in all quality motor oils for over 70 years. For more info go to [www.zddplus.com](http://www.zddplus.com).
