

11" 2 DISC GLIDE

Centrifugal CrowerGlides

CROWER CLUTCHES

Since their inception in 1966, Crower clutches have been regarded as the ultimate solution to high horsepower, high torque, power to ground control. There is no other clutch available on the market that can harness the extreme power output of a competition engine and control it as accurately and consistently as a genuine Crower clutch. Our ongoing trackside research and development program insures you of the latest and most innovative components available.

THE "CROWERGLIDE"

The most copied clutch in racing, the original "Crowerglide" incorporates a completely centrifugal design and is totally adjustable. It was the industries first real slipper clutch, which is why it is so prevalent in racing today.

Features:

- Aluminum or Titanium
- Two through five disc set-up
- Choice of six or twelve stand configurations
- Fully machined 7075t6 Billet aluminum pressure plate assembly
- Including stall speed springs
- Counterweights
- Available in 8", 10", 10.7", and 12.5"
- Available stands are standard (except 8" mini "CROWERGLIDE)
- S. F. I Certified

All Crower clutches are shipped complete with flywheel bolts, washers, one pilot bearing, feeler gauges, additional counterweights and instructions.

POPULAR APPLICATIONS

- Truck and Tractor Pulling
- Drag Racing
- Sand Drags
- Monster Trucks
- Mud Racing

10" PRO SPORTSMAN

CROWER PEDAL CLUTCHES

Unlike the completely centrifugal "Crowerglide," the Crower pedal clutch offers the conventional style foot control launch combined with centrifugal assistance and static spring adjustment. This highly versatile Crower clutch is available in an assortment of centrifugal lever and static spring combinations.

Features:

- Alluminum or Titanium
- 7075t6 construction
- Titanium adjusting stands
- Dial indicator for setting pressure plate height
- Installation procedures

All Crower clutches are shipped complete with flywheel bolts and washers, one pilot bearing, additional counterweights, and instructions.
